

1. The Brazilian government built new roads in  
order to gain access to the Amazon forest

⇒ 2., We must throw thrash in its designated place so

as not to pollute the earth

(so that)

so that + Subject + Can =  
We will not could + Stann  
won't = would

Want

- We can link between this pair using the conjunctions of purpose

that are: **In order to – so as to – in order that- so that**

at the Middle

=> in order motto / so as motto

Structure: sentence one + **in order to/ so as to** + **stem**

Example: Students work hard this year **so as to** succeed.

Or

Sentence one + **In order that / so that** + **subject** + **Will/can/ would / could** + **stem**.

Example : Students work hard this year **so that** they can succeed.

N.B: Those connectors replace “ want to – for - with the aim of- for the purpose of – with the intention of – with a view to - with the objective to )

=> Nsb -> Presed verb T

=> They you <sup>ste</sup> implement the 3As Strategy.

=> ~~They~~ ~~wanted to~~ minimize the use of  
fin: Resources. (So that)

=> The 906 / / / / So that They  
can minimize

**Task: Combine the sentences below using the connector between brackets. Makes change where necessary.**

a- She changes the subject. She ~~didn't want to~~ know about her problem. ( so that)

b- She changes the subject so that she won't
